To-Morrow Last Day. Silver Dime Oil Stock At IOc a Share.

SATURDAY, NOVEMBER 2nd, is posi-tively the last day to buy at 10 cents.

HOW IS THIS FOR SILVER DIME STOCKHOLDERS? This company buys more land at a cost of \$50,000.00 cash; one-eighth of an acre in block 32, Spindle Top. Room enough now for 20 more wells. This makes the company's holdings on Spindle Top No. 5 in point of acreage, as compared with all companies in the field. None of those having more acreage are capitalized for less than \$2,000,000.00. Ours is only \$250,000.

Que first well is now rapidly reaching the oil stratum and our stock will shortly be worth many times its present price. We are sure of a gusber, because our land is proven gusher land surrounded by gushers in the very heart of Spindle Top Heights.

Our nearest neighbors are the M. K. & T. gusber, only 25 feet, with a capacity of 100.500 barrels Gally, estimated to be worth over 10.500, barrels Gally, estimated to be worth over 10.500, barrels of pure oil daily, is estimated to be worth over 10.500 barrels of pure oil daily, is estimated to be worth 10.000,000 a year, is only 100 feet.

Besides owning more than twice as much land on Spindle Top Heights, in the proven field, as any other five or ten cent company, we own an undeveloped tract on Spindle Top, another a little to the north of the hill, one at Sour Lake, where a flowing well has been struck, another at Big Hill and one at High Island, where oil has been found and indications are the best for duplicating Spindle Top Heights, all owned in fee simple, no royalties.

REPUBLIC'S OLD HOME LEASED.

Samuel F. Myerson Company Gets Structure for Several Years.

The old Republic building, on the southeast corner of Third and Chestnut streets, was leased yesterday for a term of ten and one-half years to the Samuel F. Myerson one-half years to the Samuel F. Myerson Printing Company, which now occupies the southwest corner of Third and Vine streets. The annual rental will be \$4,000. The property is owned by the Drummond Realty and Investment Company, which acquired it from the Calumet company. The owners will remodel and improve the building throughout at a cost of upwards of \$20,000. Occupancy will be given February I, 1902, the date when the lease takes effect. The Mississippi Valley Trust Company acted as agent for both parties.

Immediately following the sale of the McLean building at Fourth and Market streets to the Merrell Drug Company, the leasing of the old Republic property has given rise to considerable comment among real estate men regarding activity in that section of the city. It was said yesterday about the Real Estate Exchange that several other deals in the same neighborhood might be expected, as it becomes rapidly more of a manufacturing center.

SPECULATORS SCARED

ENGLAND AND FRANCE BOTH BIDDING FOR GOLD.

Specie Exports Threaten to Cause Rise in Interest Rates, Which

Will Hurt Speculation.

movements in a few individual stocks, today's market ran down near to stagnation but prices gravitated to a lower level on ecount of the paralysis of demand.

Depressing Notes From London. The central cause of this state of affairs was the advance in the discount rate of the Bank of England to 4 per cent, compared with the 3-per-cent rate which has prevailed since June 13 last. This gives unmistakable notice that further demands unmistrable notice that further demands are pending upon the bank's stock of gold, which the rise in the discount rate is intended to protect by diverting the demand upon New York. No doubt seems to be entertained that this object will be achieved. In fact, arrangements were already perfected to-day for shipments of gold to Paris nort week.

In fact, arrangements were already perfected to-day for shipments of gold to Paris next week.

The weekly statements of the Bank of England and the Bank of France show the need of the former to check the French demand upon their reserves, and as clearly the necessity of the latter for recuperation. The French bank has gained in gold during the week about what the English bank has lost. The latter's credits have also been expanded to the extent of \$10,000,000, incident to the mouth-end requirements.

Paris Short of Gold.

In Paris the requirement is supplemented by a pending stock exchange settlement, so that the bills discounted have been increased nearly \$15,000,000, and the note circulation has been expanded over \$5,000,000 during the week. These conditions serve to explain the large recall of Paris credits, which has been suggested also that foreign lenders of money are thus expressing dissatisfaction with some of the syndicate purposes to which the borrowed funds have been put.

The gold exports figured in the subtreasury statement to-day, bringing up the day's gain by that institution from the open market to \$1,169,000, and the gain since Friday last to \$2,500,000. Cheago exchange on New York also weakened to-day, and \$140.000 was deposited at the subtreasury for transfer to New Orleans. On the other hand the subtreasury paid out over half a million dollars on account of gold deposits at San Francisco and Seattle, and made a payment of \$112.27 for redecemed bonds, thus cleaning up the last of the acceptances under the late offer of the Secretary of the Treasury.

The renewed doubt as to the extent to which the foreign demand for gold may go chilled all speculative enthusiasm. Hopes are professed that to-morrow's dividend and interest disbursements will soon come back to relieve the money market, but this did not seem to revive any feeling of cheerfulness in the stock market.

did not seem to revive any feeling of cheerfulness in the stock market.

Bond Purchases Renewed.

Neither did the announcement of the determination of the Secretary of the Treasury to resume bond purchases, although the inclusion in the offer of the long 4s is likely to attract considerable tenders, judging by the experience of the past summer.

Among the stocks advanced to-day, without any special reason assigned, were Lack-awanna. Delaware and Hudson, a number of the Vanderbilts and Chesapeake and Ohio, the last on Philadelphia orders, attributed to Pennsylvania Railroad account. Amaigamated Copper was depressed on the inclusion of the new plaintiffs in Montana suits against the company. The stock closed above the lowest. The Northern Pacific settlement fell into the background with the heaviness and neglect of the Pacific, which continued to the close and made the market easy. There was considerable selling also of United States Steel, and Glucose and Smelting were weak. There were some strong spots in the bond market, but the price movement was irregular. Total sales par value 51,165,000. United States bonds were all unchanged on the last call.

St. Louis Money Market.

Transactions at the banks were above the average justerday because of the fact that it was the last day of the month. Deposits were large, and there was an increased demand for call and time loans. Discount rates were easy between 5 and 6 per cent.

Wall Street Gosaip.

Reported by Francis, Bro. & Co., No. 214 North
Fourth street.

London continued seiling again to-day on same
scale that has been in progress since the middle
of September. The sales to-day were chiefly of
Readings, Erica, Southern Facilic and O. & W.,
and amounted in all to about 13,000 shares. Brokers representing important foreign concerns took
a somewhat gloomy view of the situation on the
other side.

Many loans were called in again to-day, mostly by bankers having interest payments to make to-morrow. The bulk of new business in the Stock Exchange was at 3% and 4 per cent. One loan of \$400.000 was made to-day from November 1 until December 13 at 3% per cent.

BROWN IS THROWN IN JAIL.

Perry County Man Must Face Charge of Wife Abandonment.

George Brown of Tilden, Perry County, arrested there Wednesday on a charge of wife abandonment in an indictment returned by the St. Clair County Grand Jury, was lodged in the Belleville jail yesterday. About six months ago, Brown married Miss Loretta Palmer of Belleville. She is the daughter of a well-known Civil War veteran. He took her to his home in Perry County, and it is alleged that he treated her cruelly. She returned to her home in Belleville and was soon afterwards placed in charge of the authorities by her relatives. An application was made to have her sanity inquired into. A medical commission declared that the young woman suffered from hysteria. She was placed in the County Farm for ten days and was then discharged as cured. Several weeks ago she swore to a warrant charging her husband with wife abandonment, but the warrant was not served. The last Grand Jury returned a true bill against Brown, and on this indictment he was arrested Wednesday. Brown offered security from Perry County, but the authorities would not accept it. The prisoner refuses to discuss the charge preferred against him.

Citizens Organizing New Company to Take Charge of Old Grounds. Another meeting of the citizens of Jersey Coutny was held at the Courthouse in Jerseyville yesterday afternoon to consider the plan to revive the Jersey County Fair. The committee having in charge the soliciting of stock, reported favorable progress, but as the committee had only two days in which to work, additional time was requested.

which to work, additional time was requested.

After a consultation with Senator T. S. Chapman and Mayor G. D. Locke, the owners of the Fair Grounds, additional time was granted to November E. An Exceptive Committee was appointed, consisting of E. J. Vaughn, Edward Cross, Joseph Fulkerson, J. J. Wiseman and Senator T. S. Chapman, who will have charge of the work of raising the capital stock.

The Jersey County Fair Grounds were recently purchased by Senator T. S. Chapman and Mayor George D. Locke of Jerseyville at an executor's sale. The new owners have offered to turn the grounds over to an association for \$2,000 for fair purposes, and an effort is being made to organize such an association with a capital stock of \$5,000. The par value of the shares has been placed at \$25 each.

Recently the attorneys of the city gave notice that they would make application for a change of venue, and it was understood that the allegation would be that, as the county figured as one party to the asset.

the allegation would be that, as the county figured as one party to the case, an unprejudiced trial could not be had before a jury composed of its residents.

The natter came up for argument yester-day morning. Wise & McNoity of East St. Louis represented the city and Burton & Wheeler and Judge John G. Irwan stood for the county. The latter offered in refutation affidavits which had been collected from every portion of the county. The matter had been placed in the hands of the twenty-three Supervisors, and each secured a list of signers among the more prominent residents of the particular locality. There were more than 400 names on the lists of persons who gave it as their opinion that an entirely fair trial could be had here.

Judge Schnefer thereupen siented the motion for a change of venue, and the case will be heard in this county. It is set for the present term of court.

PLAN TO RECLAIM WASTE LAND. Forty Thousand Acres in Missouri

May Be Made Tillable.

REPUBLIC SPECIAL. Macon, Mo., Oct. 31 .- After nearly thirty years of experimenting and about five in litigating with the County Court, an aplitigating with the County Court, an apparently practical plan has been devised to reclaim \$9,000 acres of now waste land, made so by periodic overflows of the Chariton River, a stream so crooked that it strikes up a hailing acquaintance with three-fourths of the land in nearly every township it passes through. All this bottom land is wonderfully productive, and sught exertion yields rich returns until the floeds come and destroy the crops. Some farmers have spent more for leveeing than their farms cost them, but no levee has been built that will keep the river in its banks. Yesterday the Chariton rivermen filed in the Circuit Court of Macon County a petition, which sets up a plan that seems to insure success. Only 2,000 acres, however, will be involved in the present proceedings, but, if successfully carried out, the drainage territory will be extended until the whole area of Chariton bottom land is reclaimed.

whole area of Chariton bottom land is re-claimed.

The pian submitted by the engineers pro-vides for a cutting thirty feet wide, with an average depth of twelve feet. It is esti-mated that Chariton bottom lands would be worth \$15 an acre if immunity from over-flow was assured. Ten dollars an acre, un-der present conditions, would be a good price. Several years ago a Chicago syndi-cate made an effort to acquire the whole \$4,009 acres, and it was understood it was willing to pay \$10 an acre if it could get it all. Then the men along the Chariton be-gan figuring that if an outsider could real-ize on their heritages they could, too, and the ditch agitation resulted, and now ap-pears to be reaching a practical operating solution.

Stephenson of the University of Illinois conducted a class in corn judging, and followed with illustrated talk. He urged farmers to exercise great care in the selection of seed corn, explaining that it was as important as graded live stock.

To-night's session opened with Miss Anna Robinson of Liberty Prairie presiding. Mrs. L. A. Spies made the opening address. Mrs. J. D. Leef, Jr., of Alhambra followed with a recitation, and Mrs. W. H. Cartwright of Upper Alton with a paper, "Some Serious Mistakes."

Mrs. E. W. Burroughs of Edwardsville read a paper on "What We Are Here For and What We Need." She referred to the farmer's wife as the "mortgage lifter." and pleaded for farm telephones and free rural mail delivery as a means of relieving the isolation of farm life. Reading by Professor D. M. Bishop of Maine was followed by an address by E. S. Furseman of El Paso, president of the illinois Farm Growers' Association.

The Farmers' Institute Committee theributed seed corn last spring among farmer boys in the county and offered premiums for the best five ears. Herbert G'villo of Fosterburg won first and Freddie Rammes of the same place second. Special premiums offred by the C. F. Binnike Coffee Company were awarded Perry Nichols of Fosterburg and Frank Ellis of Moro. Other special premiums for the same staple offered by Colman's Rural World were awarded the foliowing boys: Wesley Blaut, Highland; Marion Jones, New Douglas; T. J. Lowry, New Douglas; Otto Wilkenning. Moro; Gustav Miller, St. Jacob, Frank and Joseph Mateyka, Glen Carbon; Falph Culp, Fosterburg; Gustav Weber, Alhambra; Alvin Leduc, Highland; Ben W. Hastings, Alhambra; Edwin G'villo, Fosterburg; William Mateyka, Glen Carbon; James Kuehnes, New Douglas; Harold Baer and George Miller, St. Jacob.
